pipe & fittings

POOYA INDUSTRIAL GROUP

Producer of all kinds of PPRC & 5 Layer Pipe & Fittings

ABOUT US

Pooya Industrial Group with the tradename Pooya Pipe, initiated its official activity in 1997 in the field of manufacturing polymer pipes and fittings and by utilizing the best quality raw materials, modern and all-automatic machines and committed and experienced specialists, it has been able to offer products to the market that are top quality and competitable with foreign products and was able to be the first manufacturer to obtain an Iranian National Standard sign and housing research technical certificate.

The raw materials of the Pooya products are the most high-quality materials manufactured by international and domestic companies, which in terms of health and technicality has been approved by world standards and Iran's National Standard.

Pooya Industrial Group with an extensive distribution network and active representatives across the country and also, exporting its products to neighboring countries, it has been able to have a significant role in manufacturing and offering high quality products in international and domestic markets. Considering the demand in building industries, Pooya company is proud to introduce its new and unique product titled as Nano Aluminum Collector with an anti-fouling property and high corrosion resistance at a reasonable price.
